May 2011

To Whom It May Concern:

On Wednesday 4 May 2011 the Zonta Club of Hornsby Ku-ring-gai hosted a fundraising dinner in northern Sydney, Australia, at which **Annah Stretton** was Guest Speaker.

Although Annah Stretton, her brands and remarkable achievements are relatively unknown to an Australian audience, the strength of her reputation through her connection with Zonta in New Zealand allowed us to attract a large audience to hear her speak.

Her presentation combined the story of her business journey, some of her business and life strategies as well as introducing us to the unique products she is launching onto the world market. Her honest and forthright presentation had her audience enthralled. With an audience from many backgrounds, aged 30-80 Annah skillfully appealed to all. Offering diversity in her subject matter – from her philosophy and fashion to body types and best business practices – her message was memorable, thought-provoking and highly enjoyable.

True to her philosophy of “paying it forward”, Annah generously donated time and products to attend and support our fundraising event. As the organiser, I also enjoyed liaising with Annah’s staff. They were reliable, friendly and helpful e.g. providing high quality promotional material.

My fellow Zonta club members, our supporters and I are already recommending Annah as an event speaker amongst our networks. Annah intends to be spending more time in Australia this year and I would urge other professional women’s networks to seize this opportunity to have her speak at their functions.

Nicola Davies
